ASSIGNMENT- WEEK 31

Subject- English Literature

Revision Work- learn and recite the Poems- **Choose Your Sport** and **Friends** given on page no- 68 and 89.

Subject- English Language

Comprehension- The Elephants

Elephants are large animals. They are intelligent animals and they like to live in big groups. They live in Africa and India. In India, elephants live in forest. Many elephants in India work very hard. Elephants eat grass, fruits and leaves. They drink lots of water. They love water. All elephants have long trunks and short nails. We drink water with the drunks. African elephants have big ears but Indian elephants have small ears. Elephants have 26 teeth. A baby elephant is called a calf.

Answer the following questions based on your reading.

- Q1. Where do elephants live?
- Q2. What do elephants eat?
- Q3. How do they drink water?
- Q4. How many teeth do elephants have?
- Q5. Who has bigger ears?

Choose one word to complete each sentence.
