Ans. The members themselves elect the chairman of the Nagar Panchayats.

## **SUBJECT- GEOGRAPHY**

Give reasons for the following.

- a. There is little seasonal variation in the climatic condition of the Equatorial region.

Ans. Do two almost verticals and rays all the year round, There is little seasonal variation in the climatic conditions.

- b. Equatorial regions support luxuriant vegetation.

Ans. Equatorial regions support luxuriant vegetation because of high temperature and abundant rainfall.

- c. Nights in the deserts are very cold.

Ans. Temperature remains somewhat lower due to the influence of cold currents during night. Clear skies also cause a rapid cooling of the land at night, therefore, nights in the deserts are very cold.

- d. Mediterranean regions receive most of their precipitation in the winter season.

Ans. In winter the prevailing winds are Westerlies and they reach the Western coasts of the continents as onshore winds. Being moist they cause precipitation on the Western margin of the continents.

e. Climatic conditions in the Mediterranean region do not favour grasses.

Ans. Climatic conditions in the Mediterranean region do not favour grasses because most of the rain occurs in the cool season when the growth is slow.

f. Agriculture is the main occupation of the people in most parts of the Mediterranean land.

Ans. Agriculture is the main occupation of the people in the Mediterranean region. A long growing season, long hours of bright sunshine, the high temperature of summer, mild moist winters and fertile soils, in many areas, are favourable conditions for the growth of certain crops.

g. The Grasslands are treeless.

Ans. Grasslands are treeless because of the porous soil and low rainfall mostly in summer. High evaporation and swift winds check the growth of trees in these regions.

h. The Steppe climate of the southern Hemisphere is never severe.

Ans. The Steppe climate of the southern Hemisphere is never severe because of the nearness to the sea.

i. The Western margins of continents are extremely dry.

Ans. The Western margins of the continents are extremely dry because the Trade winds blow from the interior of continents as offshore winds.

### **SUBJECT- MATHEMATICS**

- Solve the given questions of exercise 19.1, 19.2 into your notebook.

### **SUBJECT- PHYSICS**

- Answer the given questions of exercise-10A into your notebook.

### **SUBJECT: CHEMISTRY**

Revise the chapter : Chemical Changes and reactions

### **SUBJECT: BIOLOGY**

Study the chapter: Skin: The Jack of all trade

### **SUBJECT: ECONOMICS**

Read chapter Emerging trends in India, and do the following work in your registers.

- Write a note on NSQF.
- Revise the chapter

### **SUBJECT: ENVIRONMENTAL SCIENCE**

Study the chapter: Agriculture

### **SUBJECT: COMMERCIAL STUDIES**

- Read Chapter (Trade)
- Do the question answers of Chapter Banking.

**SUBJECT:PHYSICAL EDUCATION**

**Study the Chapter: FOOTBALL (REVISION)**

Read and Study:

Terminology PAGE: 76 and 77.

Learn all the question answers of the chapter.

**SUBJECT- ART –**

Subject Art paper 1 still life

Draw this picture with watercolor.

Subject Art Paper 2 Nature

Draw this beautiful flower with watercolor.

*Stay Home!!!! Stay Safe!!!!*
